KOHN BREAKTHROUGH FOUNDATION

From the Executive Director

The Krohn Breakthrough Foundation is making a significant impact on the world, changing and saving lives across the globe. This last year, we conducted two humanitarian missions to Ukraine, providing life-saving aid and supplies to those in need. These missions also rescued vulnerable civilians and brought them to safety, providing hope and a new chance at life.

Throughout the year, we also scaled our Breakthrough Coaching program, empowering more people to develop resilience and overcome obstacles. This incredible mindset program has changed lives, providing individuals with the tools and skills they need to achieve their full potential.

As someone whose life has been transformed by Kris Krohn's Breakthrough, I am honored to share this gift with the world. And I know that these accomplishments would not have been possible without the support of our friends and donors.

The 2022-2023 Annual Report highlights the progress we have made over the year, thanks to the continued support of our donors. You will also have the opportunity to learn more about how the Krohn Breakthrough Foundation prioritizes our budget and programming, and honors our donors' intentions.

Looking back on this year, I am more confident than ever that the Krohn Breakthrough Foundation is providing solutions to the crises faced by our world. And I am grateful to all those who have stood with us on this journey. Thank you for your unwavering support and dedication to our mission. Together, we can continue to change lives and make a positive impact on the world. ■
